Red Brewster Brewery

About Us

Red Brewster Brewery is a farm-born, community-driven craft brewery tucked into the heart of Enfield. What started as a simple love for good beer and good company has grown into a place where families, friends, and neighbors gather to slow down and enjoy the moment. Our brewery blends rustic charm with a playful spirit — from our barnyard-inspired brews to the beloved animals that have become part of our story. Whether you're here for a pint after work, a weekend hangout by the fire, or one of our lively events, Red Brewster is all about creating a space that feels like home. Great beer, fresh air, and genuine connection — that's what we're brewing.

Special Thanks

Special Thanks to our incredible community, friends, and family who continue to support Red Brewster Brewery. Your laughter, loyalty, and love for good beer make this place what it is. We're grateful for every visit, every shared pint, and every moment spent with us.
