**Founded in 2011**

**Tree House Brewing Company began in a small red barn in Brimfield, Massachusetts. Since day one our goal has been to present you with reliably delightful beer that can contribute positively to life's precious moments, and serve them in a cheerful, communal environment. Having grown from a five-gallon Coleman cooler brewhouse to a state-of-the-art 60 BBL, German-engineered brewhouse, Tree House, an independent brewer-owned brewery, is driven by the same people with the same energy and the same intent to bring you joy as it was ten years ago.**

Tree House owns and operates six facilities. The primary brewery, coffee roastery, and distillery is located in Charlton, Massachusetts. We take great pride in making our products from start to finish – you can taste the difference that this makes. We maintain a brewery in Monson, Massachusetts, a Farm Fermentory in Woodstock Connecticut, a brewery in Deerfield, a taproom and brewery on Cape Cod, and a golf course and taproom in Tewksbury.
